

Ballistic Vest Level III

Flexible Overt Protection

The Overt Genesis Armour Guard vest provides front and back protection. Ability to increase the protection through add-on kevlar or ballistic armour inserts. The vest combines high protection at low weight and excellent torso coverage with civil military and law enforcement application.

Standard Features

- Adjustment straps on shoulders and sides provide a firm and comfortable fit with Velcro closure
- Easy-care, dry-cleanable Cordura outershell
- Removable ballistic panels
- Low weight (2.45 kg), High Grade, military spec, steel with proprietary protective coating that eliminates spalling.

Options

- Adjustable sizes
- High grade 1000 Denier fabric
- Side protection with the option of additional ballistic inserts.
- Molle vest attachments and various pouches including: pistol, magazine pouches, AR/AK/LM magazine pouches (single, double & triple), torch, utility, handcuff and medical.

TERMS: Excluding VAT (If applicable).
Excluding shipping.
